

Lochgoil Community Council

The community council has run the 50 50 club successfully for many years but the last few years we have found it very challenging in obtaining new members and receiving payments from existing members.

As agreed at the February 2020 Community Council meeting, we will operate the club as per the guidelines below.

- Each number will cost £12.00.
 - New and existing members can have as many numbers as they would like.
 - Payment must be made in full for the annual membership.
- The 2021/2022 year will begin in April 2021 and run for 12 months from this date.
 - Existing members should make payment prior to Thursday April 1st 2021.
 - Any members who have not paid their membership by this date will have a 3-month grace period to make payment. However, if the number is drawn in this period and there is no payment the number will be returned and redrawn.
